

# Advanced Git Lab

Dec 2014

A photograph of an Ashy Drongo bird perched on a tree branch. The bird has dark, iridescent plumage and a distinctive red eye. It is surrounded by yellowing leaves, suggesting an autumn setting. The background is a clear blue sky.

**Ashy Drongo - 1st  
record to Israel - Dec  
2015**

# Git is Hard

Or at least, harder than the non distributed solutions.

Thanks

# Git is Great

- Commit offline
- Revert offline
- Search offline
- Backup is a solved problem
- Fast - works on content rather than files

**Commit Often, Perfect Later, Publish Once**

# It's Lab Time!

# Revert and Revert Merge

# Git Stash

# Rebase / Squash

**blame via log -S**

# Reflog
